### Information

The Senator RH650 provides unbeatable deck space at a massive 4.5M squared. That's why it is the perfect boat to turn into a weekender. Based on the popular RH770 we thought why not bring some of those features into the RH650 to create a more manageable weekender from a over size perspective. Ideal boat for those wanting to fish the Cook Strait and Marlborough Sounds with the added protection of the stacker door system or for those that want to use it to sleep over night in before hitting the water at the crack of dawn. Currently this boat is unrigged so you can but your own twist on it and is packed with extras that are to long to list. Enquire now for a personalised quote
