**Options**

Shaft Length: Short, Long

### Information

For big engine performance, delivered in a small engine package, you can't go past Yamaha's F20 outboard. This two-cylinder, 362cc, four-stroke outboard is extremely fuel efficient, while producing a powerful and smooth-riding all-round performance. This engine includes Yamaha's PrimeStart™, which delivers quick and efficient starting in all climatic conditions. While the manual start model includes an Auto Decompression feature which makes pull starting easier. Other useful features include a Shallow Water Drive System which allows safe operation in shallow waters and a high out-put alternator to ensure adequate power supply to run all your electronics. This model also comes with power tilt and mechanical steering options.

Boat City are a family business that have been at the forefront of the marine industry since 1962.

With one of the largest ranges of brands both new and used, you can purchase with confidence that we will have something to suit your needs.

We can ship anywhere in the country any time, just ask us for a quote.

For everything on the water and more.
