Information

The **McLay 571 Hardtop** is a capable alloy fishing boat designed for serious inshore and coastal boating. With its strong aluminium construction and practical hardtop layout, it offers excellent protection, stability and fishing capability.

Powered by a **Mercury 115hp Command Thrust** outboard with only 66 hours, this trailer boat delivers strong performance, excellent torque and efficient cruising for fishing missions or family days on the water.

This 2022 package is exceptionally well appointed with quality electronics, Zipwake trim tabs for ride control, and a capstan anchor winch for easy anchoring. The well-thought-out cockpit layout makes fishing practical and comfortable, while the carpet-lined cabin adds comfort for overnight trips or getting out of the weather.

With replacement cost now approaching \$95,000, this package represents outstanding value for someone wanting a near-new alloy hardtop fishing boat without the new boat price.

Finance subject to lending criteria, credit approval, and terms & conditions. Additional fees may apply.

Boat City — Kapiti's and New Zealand's leading authorised **McLay Boats** dealer.
