Information

The **Kiwi Kraft 610HT** is the newest hard-top in the range — a natural evolution of the 585HT that adds extra deck space without sacrificing the comfort and protection of a full wheelhouse. It's purpose-built for Kiwi waters, balancing fishing practicality with family-friendly refinement and the stable confidence pontoon boats are known for.

Powered by **HUSHtec hull technology**, the 610HT delivers a quieter, softer ride and predictable handling when the weather turns. Visibility is excellent thanks to large cabin windows, while smart touches like cabin storage shelves, **high sides**, and **generous headroom** make long days easier. A genuinely **high-spec finish** with an *extensive standard fit-out* (examples include walk-through transoms, sliding windows, soft-rider pedestals, bolster seats, and a full lighting package). Large boarding platforms round out a versatile package for fishing, diving, and family use.

Specifications
