Packages From \$25,999.00

or finance from  
4.99%

As Displayed  
**\$28,999.00**

### Information

The Sea Storm 12 is a modern HDPE boat package designed for buyers wanting easy ownership, durability, and a more refined on-water experience without the maintenance demands of traditional alloy or fibreglass boats.

Powered by a Mercury 30ELPT and sitting on a premium Futura alloy trailer, this complete package delivers efficient performance, practical layout and usable space, and low running costs in a compact and easy-to-manage setup.

Designed for real-world boating, the Sea Storm 12 combines practical usability with modern HDPE construction and premium package presentation.

The HDPE hull provides a noticeably quieter and softer ride while remaining incredibly durable and easy to live with. Combined with the refined layout, quality finish, and upgraded cross-stitch padded squabs, the Sea Storm 12 offers a more premium and refined feel throughout.

Ideal for buyers upgrading from a tinny or downsizing from a larger boat into something easier to tow, launch, clean, and enjoy.

#### SPECIAL PROMOTION

Take advantage of an industry-leading 4.99% finance rate available on this complete package.

Finance subject to lending criteria, credit approval, and terms & conditions. Additional fees may apply.

**Boat City — Kapiti's and New Zealand's leading marine dealership.**
