Information

The hard working Yamaha F200 four stroke V6 is a popular choice for commercial operators due to its proven reliability and performance in the most challenging of marine environments. This powerful workhorse has been specifically built to handle the extra loads, higher hours and additional demands required by professional operators - where people's lives and livelihoods matter. This powerful, ultra-dependable V6 3.4 litre engine takes advantage of variable camshaft timing for improved low and mid-range torque resulting in better power and acceleration. The F200 V6 also includes a single electronic throttle valve for a smoother, more responsive and fuel efficient operation.

Price Includes Rigging Kit - Stainless Steel Prop, Tach/Speed Gauge, Remotes & Cables

Boat City are a family business that have been at the forefront of the marine industry since 1962.
