Information

Senator Boats IS400 is the compact, confidence-building platform that makes getting on the water simple, affordable and genuinely fun. Built in marine-grade aluminum with Senator's Boats trademark pontoon stability, it feels rock-solid at rest and composed underway when harbour chop kicks up.

The open, practical layout prioritises usable space for rods, chilly bins and safety gear, while high sides and wide gunwales add reassurance for new skippers and families. Launching and retrieving is a breeze, and the tidy footprint keeps towing and storage easy — perfect for spur-of-the-moment after-work missions and weekend day trips. Wash it, refuel it, and you're ready to go again.

Pair the Senator IS400 with efficient a Yamaha or Mercury outboard motor for reliable performance and sensible running costs, then tailor simple electronics and accessories to the way you boat. Whether you're teaching the kids, exploring local estuaries or sneaking in a dawn fish, the Senator IS400 delivers a safe, stable and low-maintenance gateway to life on the water.

Boat City — Kapiti's and New Zealand's leading authorised Senator Boats dealer.
