Information

Senator RH650 is the capable offshore hardtop that brings extra cockpit room and range while staying practical to tow and maintain. Senator's welded pontoon design builds in stability and reserve buoyancy for a calm platform at rest, and the refined deep-vee entry tracks cleanly through confused chop for a dry, composed ride offshore.

High sides, wide gunwales and a roomy cockpit makes the Senator RH650 a pleasure to fish from, gear up for a dive, or host mates on long coastal runs. The hardtop extends your season well beyond blue-sky weekends. Constructed in marine-grade aluminium, it's tough, straightforward to rinse and ready for the next mission with minimal fuss.

Power it with a Yamaha or Mercury outboard motor to suit your load and range, then dial in electronics, seating and storage to match your style.

For Kiwi crews who want a confidence-inspiring hardtop without going to a massive footprint, RH650 is a proven sweet spot. Boat City — Kapiti's and New Zealand's leading authorised Senator Boats dealer.
