Information

The Kiwi Kraft 615HT has been designed to spend a day on the water in comfort. Whether you are wanting to fish all day or take the family out for an afternoon on the water, the 615HT will make it an enjoyable experience.

The new D-Shape pontoons have increased the overall deck space in the Kiwi Kraft range, compared to the early models. You now have a large platform to work from while being able to accommodate extra large queen seats, high back bolster seats and a full-size cabin with drop down cabin bunks. Add in the large hard top windows and you have an open plan feel about the boat.

Large pontoons and an industry leading high free board mean that you will feel safe and secure while out on the water and be able to tackle those unpleasant conditions in comfort.

Boat City are a family business that have been at the forefront of the marine industry since 1962.

With one of the largest ranges of brands both new and used boats and motors, you can purchase with confidence that we will have something to suit your needs.

We can ship anywhere in the country any time, just ask us for a quote.

For everything on the water and more.
