

## SD 270

As Displayed

**\$1,499.00**

~~\$1,700.00~~

### Information

The **SD270 Inflatable Boat** offers more room and capability than the compact SD230, making it a smart choice for families, tenders, and boaties who want extra stability without losing portability. With reinforced PVC construction, rigid flooring, and multiple safety chambers, the SD270 is tough enough for New Zealand conditions and versatile enough for fishing, diving, or exploring.

## Why Choose the SD270 Inflatable?

### Bigger Yet Portable

- More interior space than the SD230 for passengers and gear.
- Still compact enough to store and transport easily.
- Quick-inflate valves for simple setup and pack down.

### Tough & Reliable

- Reinforced PVC with strong seams for durability.
- Multiple air chambers for safety and peace of mind.
- Rigid, non-slip floor for stable footing.

### Everyday Performance

- Rated for up to a **10hp outboard** — giving more speed and power.
- Smooth and stable handling in lakes, rivers, and sheltered coastal waters.
- Suitable for tenders, fishing, and family use.

### Value & Versatility

- Affordable compared to premium inflatable models.
- Stronger and more durable than entry-level MD inflatables.
- Ideal for boaties wanting a versatile all-rounder.
