Information

Another standout in the Flyfin range the 1900 Bow Fisher. This boat is sure to turn heads with its good looks, quality finish and even better on water performance.

There are four models in the 1900 range with this model been the 1900 Bow Fisher. A large walk thru screen takes you to the bow of the boat where someone can fish from with ease, been able to use the bow area of the boat opens up more space than other conventional boats with full screens. Fully upholstered large bucket seats sit on top of alloy box pedestals with more storage underneath. Side shelves, console pockets and battery lockers round out the ample amounts of storage for a boat of this size. Wide gunwales provide a comfortable place to sit on a good day and a full-length fender rail will help provide protection when getting in close. A walk thru transom makes getting in out of the boat a breeze.

When optioning the Bimini Top it not only looks class but folds back with ease to sit below the windscreen to help get into those tight places

We fitted this 1900BF out with the following factory options and extras:

- Anchor Rope and Chain Pack
