Information

The SLR-660 at 6.6m long & 2.5m wide is the Perfect combination of a **Serious offshore fisher** and a comfortable family cruiser with ample **overnight accommodation**. This safe & stable fibreglass hull comes with a premium quality fit out and an impressive list of Standard inclusions usually considered "extra options" with most other manufacturers.

Designed, developed and tested in Australia this Positive Floatation hull has been **Independently Certified** to meet Australian ABP & buoyancy Standards AS1799.1. **The zero underfloor timber construction**, safe high freeboard, & class leading strong resin infused fibre-glassing process has already seen it exported to New Zealand, Canada and Korea. Strength, Stability and fuel-efficient hull design are built into the DNA of every SLR Model

The SLR-660 is versatile enough to safely handle the rough stuff, reel in the catch of the day, pull family or friends behind on a tube, or park up in a bay watching a sunset. Built for those who don't like to compromise, its features, stability and quality will continue to make great memories for you and your family for many years to come.

Some impressive standard features include...

- Alloy powder coated folding Targa Top with rocket launcher**, great for keeping the roads out the way and safe.
- 1.88 meter long cabin** with concealed recess for toilet, premium marine vinyl upholstery and fully lined cabin make overnight stays not only possible but very comfortable.
- Fold out rear lounge** for extra deck space when required, underfloor storage locker, selectable self draining deck, and soft gas ride seat pedestals are all standard.

See the full list of SLR-660 Standard Inclusions Below...
